

BIM423 – SOFTWARE ENGINEERING
2022-2023 FALL SEMESTER

UniMeet

Group 4

Week 11 / 13-19 dec 2022

Members

1. *Radwan Rachid Houssein*
2. *İsmail Bölükbaşı*
3. *Kemal Yağız Özcan*
4. *Emre Can Çakir*
5. *Kadir Koç*
6. *Ayten Ertaş.*

Roles in the project

- *Radwan : Mobile Development.*
- *Emre & Ayten : Frontend Development.*
- *Kemal: UI design*
- *Kadir and Ismail: Backend Development.*

MEETING (+ work done as team).

This week we discussed and worked on the web version of the project trying to implement all the functionalities that are available on the mobile version and we made sure that the following features are functioning:

- Functioning post page on the feed page syncing with the mobile
- Functioning comment page that is in sync with mobile.
- Profile page that is in sync with mobile.
- Followers and following counters that are in sync with mobile.
- Stars are also in sync.
- Search page in sync with mobile.

Individual works

- Radwan: *mobile development*.

This week, I implemented last week's tasks which could be summarized as follow as will be also demonstrated in a video.

- Make following and followers counters in profile page functional.

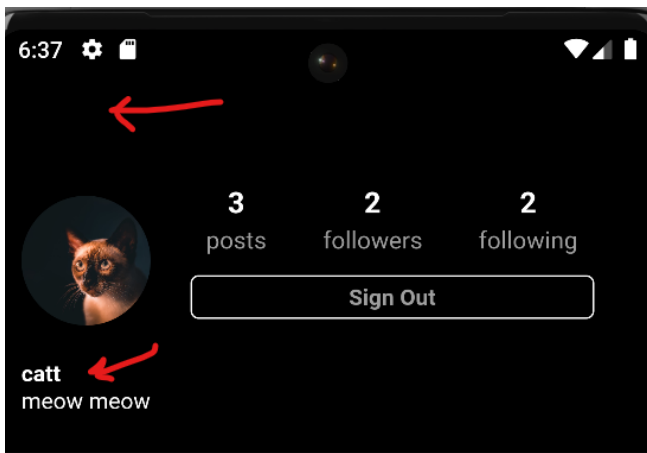

- Make post counter functional.
- Apply a constraint to only accept emails that end with (edu.tr).

```
TextFieldInput(  
    isEmail: true,   
    iconPic: const Padding(  
        padding: EdgeInsets.all(16),  
        child: Icon(Icons.email),  
        //child: Icon(Icons.iconPic),  
    ), // Padding  
    textEditingController: _emailController,  
    hintText: "Email address",  
    TextInputType: TextInputType.emailAddress], // TextFieldInput
```

```
String? validateEmail(String? value) {  
    if (value != null && !value.endsWith('.edu.tr')) {  
        return 'Email must end with .edu.tr';  
    } else {  
        return null;  
    }  
}
```

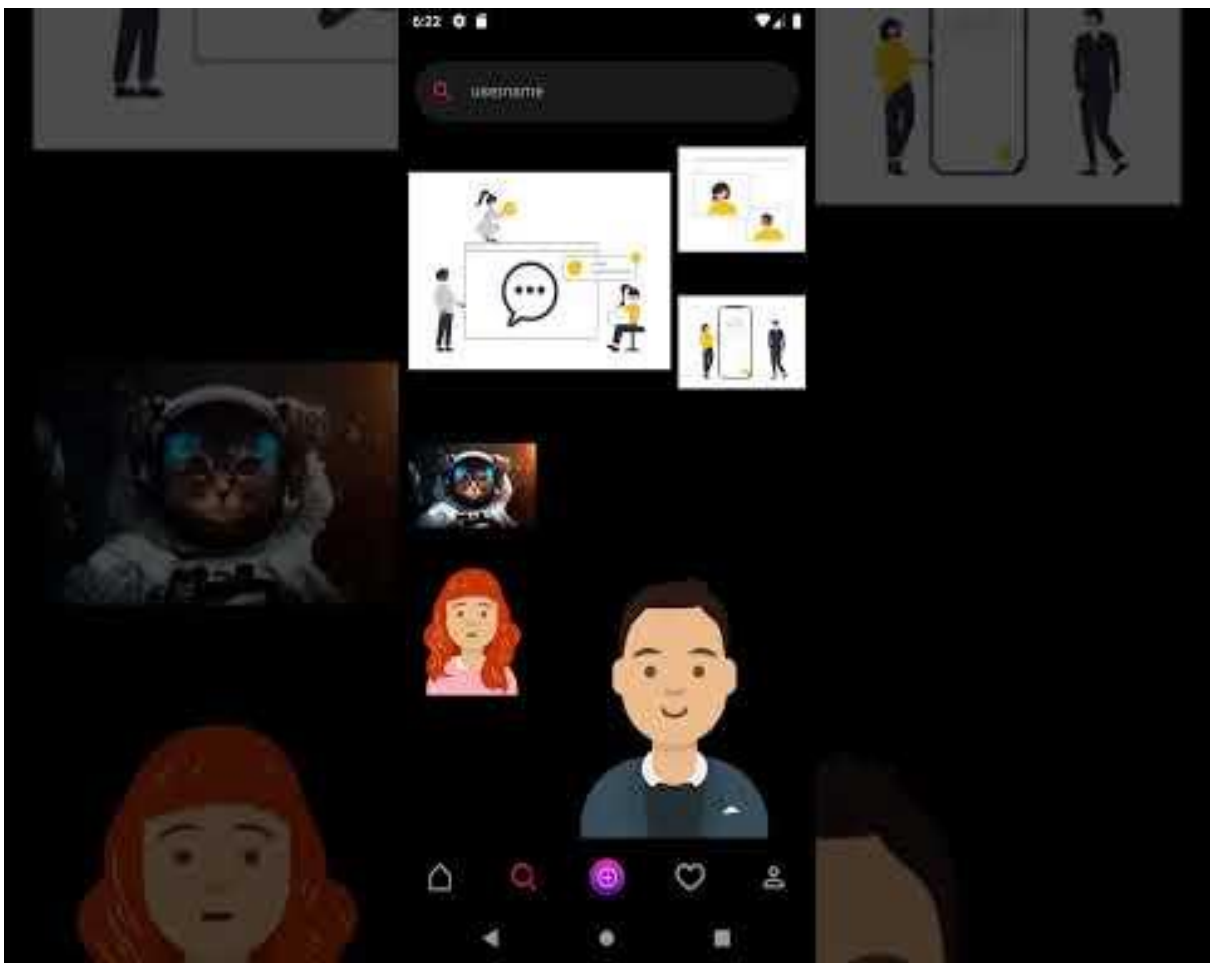

- Profile page fixed (e.g. redundancy in username).

- Several other design fixes.

[See demonstration HERE \(https://youtu.be/lcm5jzbxdak\)](https://youtu.be/lcm5jzbxdak)

***NOTE:** please notice the change in the number of posts, followers and followings.*

Plans for the Following Week

- Post deleting functionality.
- Add more features that are under design at the moment.
- Finish designing the rest of the web.
- Further pug fixes.
- Applying last touches.
- Remove some unnecessary fields in the signup page.
